## What are VMO-Services

In today's fast moving world companies depend on vendors for specialized skills and resources. While this provides flexibility and responsiveness, it often leads to an unorganized buying practices & behavior, which may not be in the best interest of your bottom-line.

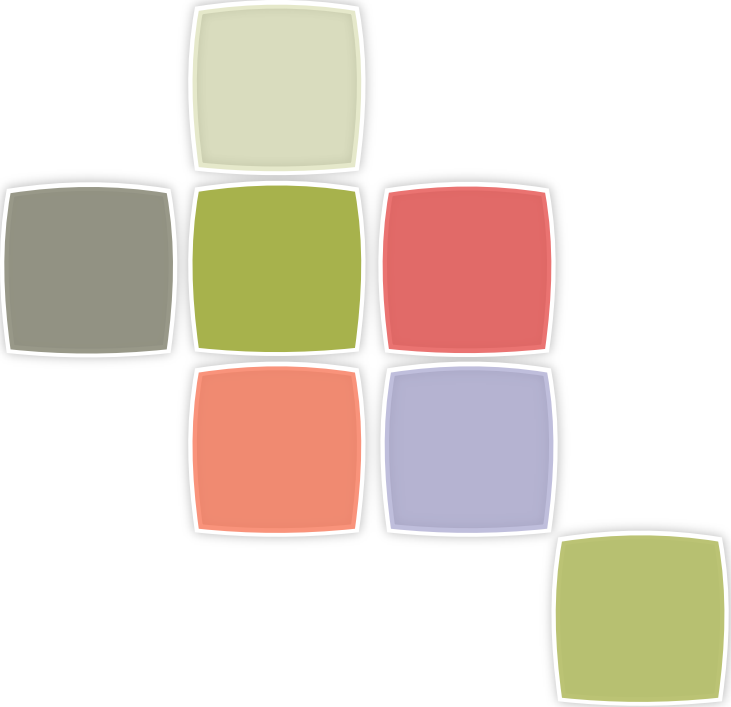

If your organization faces such issues, then our Vendor Management Office (VMO) services may be the right solution for you. Using our VMO expertise we can setup Managed Services Program (MSP) or Master Managed Services Program (MMSP).

### How can VMO services help me?

- In evaluation of existing VMO/MSP programs
- By determining clear "rules of engagement", SLA management, promote "fair-play" rules.
- By ensuring uniformity in vendor contracts, on-boarding & training
- By implementing for any number of number of national/regional or niche/sunset vendors.
- Via enhancing existing rate models and where necessary establishing new rate/ discount models.
